

Index to Volume XXI

Page citations are made to single pages; these are often the beginning of a chapter, section or running discussion dealing with the topic.

- Acceleration, 93
- Achievement, chemistry, 264; factor analysis of, 388; mathematics, 297; prediction of, 121
- Acoustics, 19, 21
- Action research, 230
- Addition, 291
- Adjustment, 78; observational studies of, 452
- Adult education, characteristics of adults, 149
- Aims and purposes, biology, 275; mathematics, 305; science, 249
- Anecdotal records, 86
- Aptitude tests, 115, 120
- Arithmetic, appraisal of practices, 290; readiness, 294; remedial, 310; teacher education, 317; textbooks, 294; *see also* Mathematics
- Armed forces, guidance in, 110
- Art classrooms, 19
- Atomic energy, 204, 209; treatment in texts, 222
- Attendance, 90
- Attitudes, 447; and science teaching, 259
- Audio-visual aids, 18, 39, 214, 284; effectiveness, 215; evaluation, 214; in mathematics, 296; in science teaching, 284
- Biology, difficulty of textbooks, 282; preparation of teachers, 265; teaching technics, secondary schools, 265
- Blackboards, 18
- Bonds, 54
- Building costs, 44; predicted, 45
- Business education classrooms, 20
- Camping, 198
- Certification, arithmetic teachers, 317
- Chemistry, achievement in, 264; college, 266; junior college, 268; preparation of teachers, 265; teaching technics, 264
- Citizenship education, 203
- Classrooms, art, 19; business education, 20; design, 17; elementary, 17; equipment for, 18; flexible partitions for, 20, 31; homemaking, 21; industrial arts, 22; multipurpose, 23, 31; music, 23; planning, 17; physical education, 24; secondary, 19; science, 24
- Cleaning, school plants, 59
- College costs, 151; enrolment, 151
- Community participation in curriculum planning, 173, 177
- Computational technics, 424; future of, 434; social aspects of, 434
- Computers, 425; analog, 428; automatic digital, 425; brain-machine analogy, 429
- Construction cost, 51; economy in, 52
- Core curriculum, 200
- Correlation studies, 372
- Cost indexes, school-plant, 51
- Costs, needed research on, 66; of plant construction, 51; of plant expansion, 5
- Counseling, 132; certification, 162; in college, 109; directive vs. nondirective, 133; effectiveness, 135, 163; in the elementary school, 107; in industry, 109; qualifications for, 163; in the secondary school, 108; technics, 132; trends, 136
- Critical thinking, 270
- Cumulative records, 86
- Curriculum, 196, 227, 249; changes in secondary school science, 253; content, 191; development, 199, 227; elementary education, 190, 196; elementary science, 251; factors influencing, 190; higher education, 202; legal controls, 181; mathematics, 300, 305; needed research, 233; objectives and goals, 179; organization, 196; planning, 177, 182; research, 227; science, 249; secondary education, 190, 198; secondary school science, 252, 254; trends, 196, 198, 233; values, 175
- Custodians, salaries, 58; selection, 57; training programs, 57; work standards, 58
- Debt limitations, 54
- Decoration of school plant, 37, 60
- Delinquency, 95
- Demonstrations, apparatus, 288; science, 277
- Design, experimental, 359, 409; of classrooms, 17; principles of, 10, 28, 29; trends, 28, 33
- Dictionaries, 339
- Division, 295
- Documentary research, 338
- Driver education, 199
- Drop-outs, 89, 150
- Educational psychology, 186; in teacher training, 191; texts, 190

- Educational sociology, 182
 Emotional adjustment, 78
 Employment statistics, 152
 Encyclopedias, 220, 339
 Enrolment, college, 88; college general education science course, 274; elementary school, 87; prediction, 5, 87; private schools, 88; science, 252; secondary school, 87; statistics, 149; trends, 87
 Equipment, for elementary classrooms, 18; for high-school classrooms, 19; needed research on, 67
 Evaluation, algebra, 311; arithmetic, 296; critical thinking, 257; mathematics, 298, 311; meaning approach in mathematics, 291; practices, 260; science achievement, 257; thought processes, 276
 Exceptional children, 93, 203; learning, 189; methods of teaching, 211
 Experimental design, 359, 409
 Extracurricular activities, 140

 Factor analysis, 76, 377; methods, 377; results and applications, 386
 Factorial designs, 367
 Factors influencing curriculum, 174; economics, 174; nationally organized groups, 175; sociological and social, 174
 Failure, 92
 Family life education, 182
 Family relationships, 80
 Federal aid, for school plants, 6, 49
 Films, use of, 224
 Films and filmstrips, analysis of, 285; in science teaching, 284; in teaching geometry, 309
 Finance, future resources, 47; needed research in, 65; school-plant, 44
 Follow-up studies, 350
 Formulas, computational, 432

 General education, 180, 202, 256; college science courses, 256, 273
 Geology, 255
 Gerontology, 453
 Gifted children, 96
 Graphic materials, computational, 430; difficulties in use of, 286; science, 286
 Group dynamics, 80
 Group guidance, 140; technics, 141
 Group methods, 192, 213, 231
 Group therapy, 144
 Growth and development, 75

 Guidance in the armed forces, 110; in college, 109; in the elementary school, 106; thru groups, 140; in industry, 109; personnel, 106, 108, 141, 159; preparation, 159, 161; programs, 86, 106, 140, 160; in the secondary school, 107; staff participation in, 86; training standards, 160; of veterans, 110
 Gymnasium, 24

 Handicapped children, 78, 93; school-plant facilities for, 19
 Health education, 199
 Heating, 40; needed research on, 67
 Historical research, 340
 Historiography, 340
 Home economics, classrooms, 21
 Homogeneity, of tests, 462
 Human relations, teaching of, 204

 Illumination, 20, 36
 Industrial arts, classrooms, 22
 Inservice teacher education, arithmetic, 319
 Instructional materials, 266; elementary science, 280; geometry, 309; graphic, 286; laboratory, 286; mathematics, 296; pamphlets, 283; science, 279, 281
 Insurance, fire, 60; of school plants, 60
 Intelligence, growth of, 76
 Intercultural education, 79, 140, 143
 Interest inventories, 120
 Interest rates on bonds, 54
 Interests, 79
 Interview technics, 116, 450
 Item analysis, 460

 Laboratory experiences, criteria for, 286; relation to content of textbooks, 288
 Laboratory methods, 287
 Leadership, 142; in discussion groups, 143
 Learning, 186; and the curriculum, 186, 188; exceptional children, 189; theory, 188
 Learning materials, 220; content, 221; readability and difficulty of, 220
 Legal control of education, 181
 Legislation for building construction, 6
 Libraries, curriculum, 213
 Library resources, 338
 Life adjustment education, 202
 Lighting, 20; and decorating, 37; natural, 37; needed research on, 67; principles, 36
 Literacy, 149

- Maintenance, needed research on, 68; of school plants, 59
- Materials, school-plant, 28, 33, 53
- Mathematics, 290, 305; achievement, 297; aims and purposes, 305; college, 305; contents of courses, 306; counseling in secondary program, 310; curriculum, 305; elementary school, 290; in secondary schools, 305; in junior high school, 290, 298; methods, 291; predicting success, 297, 310; remedial procedures, 310; teacher education, 312
- Measurement, *see* Evaluation
- Mental development, 76
- Mental hygiene and guidance, 188
- Mentally retarded, 96
- Methods, computational, 432; factor analysis, 377; inductive vs. deductive, 287; in special education, 97; meaning approach, 291; science, 264
- Methods of teaching, 211; arithmetic, 191, 212; exceptional children, 211; films on, 214; geometry, 191, 213; language skills, 212; reading, 213; mathematics, 291, 308
- Methods research, 360
- Migration of workers, 152
- Motion pictures, 284; *see also* Audio-visual aids
- Motor development, 75
- Multivariate analysis, 413
- Music classrooms, 23
- Needed research, classroom planning, 65; college general education science courses, 275; curriculum, 233; factor analysis, 390; finance, 65; heating, 67; learning materials, 225; lighting, 67; mathematics, 290; school plant, 64; school plant operation, 68; sites, 66; survey and trend technics, 354; teacher education, 318; ventilation, 67
- Objectives and goals of the curriculum, 173, 179, 186; of mathematics teaching, 305; of science teaching, 249
- Observational research, 365
- Observational technics, 441
- Occupations, census statistics, 152; trends, 155
- Operation, needed research on, 68; school plant, 57
- Opinion research, 348, 449
- Organization of the curriculum, 196
- Pamphlets, 282
- Personality, 76; factor analysis of, 389; inventories, 117; measurement of, 115; and social status, 116
- Personnel, custodial, 57
- Personnel records, 86; selection, 124
- Philosophy, 173
- Physical education, school-plant facilities, 24
- Physical growth and development, 75
- Physical handicaps, 93
- Planning, classrooms, 17; coordination, 12; needed research in, 65; organization, 11; personnel, 11; procedures, 10; school-plant design, 29; use of committees in, 11; use of consultants in, 12
- Plant, *see* School plant
- Prediction of achievement, 121
- Prediction, differential, 466
- Preservice teacher education, arithmetic, 319
- Probability theory, 400
- Problem-solving, in arithmetic, 296; in mathematics, 300; in science, 270
- Projective technics, 115, 118
- Promotion policies, 92
- Psychodrama, 142
- Psychotherapy, 132, 140
- Punched-card technics, 431
- Questionnaires, 450
- Radio, 214
- Readiness, in arithmetic, 294
- Reading difficulty, pamphlets, 282; science textbooks, 282
- Recordings, 214
- Records, personnel, 86
- Reliability, of tests, 462
- Religious education, 176, 197; church and state, 177; place in secular education, 176
- Remedial instruction, in arithmetic, 294, 310
- Research, hypotheses for, 186; involving correlation studies, 372; involving factorial designs, 367; involving identification of factors, 369; involving interrelated classifications, 366; involving matching, 362, 368; involving observational procedures, 441; opinion, 449; responsibilities for, 182
- Resource units, 209
- Resources, financial, 47
- Role-playing, 142
- Safety, in building construction, 28
- Salary schedules, for custodians, 58
- Sampling theory, 411
- Sanitary facilities, 39

- School plant, facilities for special education, 19; federal aid, 6, 49; finance, 44; future needs, 5; heating and ventilation, 40; lighting, 36; maintenance, 59; materials, 28, 33, 53; modernization of, 61; multiple use of, 19; needed research, 64; operation, 57; planning, 5, 10; plumbing and sanitation, 39, 59; programs, 5; rehabilitation, 60; space requirements, 17; state aid, 6; status, 5
- Science, 249, 264; classrooms, 24; college, 256; curriculum, 251; difficulties in teaching, 279; elementary school, 268; enrolments, 252; instructional materials, 279; methods, 264; secondary school, 252; teacher education, 275; textbooks, 271, 281
- Science teaching, 264, 279; aims and purposes, 249; and attitude change, 259, 269
- Scientific method, and critical thinking, 270; in textbooks, 271; nature of, 250, 271; teaching procedures, 271
- Self-surveys, 351
- Sensory aids, in mathematics, 296; in science teaching, 280
- Sites, 29; needed research on, 66
- Social adjustment, 78
- Social aspects of arithmetic, 293
- Social learning, 191
- Social status and behavior, 79; measurement of, 120; and personality, 116; and social acceptance, 116
- Sociodrama, 142
- Sociometrics, 446
- Sociometry, 117, 142
- Space requirements, 17
- Special education, 78, 94; methods and materials, 97; school-plant facilities for, 19
- State aid for school plants, 6, 49
- Statistical inference, 401
- Statistical theory, 398
- Student participation in curriculum planning, 182
- Supervision and curriculum development, 228; nature of, 228; organization for, 229; practices and procedures, 231; technics, 231
- Surveys, technics, 346, 449
- Tables, mathematical, 430
- Teacher education, arithmetic, 317; in-service, 319; mathematics, 312; pre-service, 319; recommendations, 314, 318; science, 275
- Teaching aids, business-sponsored materials, 283; current materials, 266
- Teaching materials, 209; evaluation of, 182, 210; for visually handicapped, 213; sources of, 210, 214
- Teaching technics, 264, 290, 305; biology, 265; chemistry, 264; college science, 256, 266, 274; enrichment, 267; film vs. demonstration, 267; mathematics, 290, 308; scientific method, 271; semi-micro- vs. macro-methods, 277
- Technics, appraisal of trend and survey, 353; case history, 444; computational 424; controlled diary, 444; interview, 450; observational, 441; punched card, 431; questionnaire, 450; rating, 446; sociometric, 446; survey and opinion research, 449
- Television, 214
- Test construction, 390
- Tests, aptitude, 115, 120; distortions of performance, 465; homogeneity, 462; of interests, 120; new, 467; personality, 115; reliability of, 462; as research instruments, 459; scoring and scaling, 465; of statistical hypotheses, 401; validity of, 463
- Textbooks, 220; arithmetic, 223, 294; evaluation of, 182; geography, 223; junior high-school science, 281; psychology, 222; readability and difficulty of, 220; readers, 221; science, 222; scientific method in, 271; statistics, 398; use of, 224
- Theory, of statistical decision, 408; of statistical estimation, 405; probability, 400; sampling, 411; statistical, 398
- Toilet facilities, 18, 39
- Trends, studies of, 350; technics of studying, 346
- Truancy, 91
- T-tests, errors in application of, 372
- Validity, of tests, 463
